

Partners of the Second SIINN Call

Parties from countries/regions not participating in the SIINN call can participate in a proposal if they can guarantee their own funding. However, the majority (66%) of the partners and the majority (66%) of the funding volume in a proposal must belong to countries participating in the SIINN call. For further information please check the call documents or the contact person in your country/region.

ERA-NET SIINN Second Call for Proposals 2013

SIINN Safe Implementation of Innovative Nanoscience and Nanotechnology

FP7-ERA-NET on Nanosafety

Safe Implementation of Innovative Nanoscience and Nanotechnology

The SIINN ERA-NET promotes the safe and rapid transfer of European research results in nanoscience and nanotechnology (N&N) into industrial applications. National and regional resources will create a transnational programme of research. SIINN will bring together today's fragmented research activities on the potential risks of engineered nanomaterials for environment, human health, and safety.

SIINN Second Call Topics*

Funding will be offered to innovative projects focusing on Manufactured NanoMaterials (MNMs) in one of the following thematic fields:

1. Over-arching aspects of nanosafety research
2. Exposure assessment
3. Toxicity mechanisms
4. Environmental impacts of MNMs
5. Effects of MNMs on human health

Detailed description of the topics is given in the Call text.

* Please note that not all the Funding Organisations participating in the call will fund each of the five call topics. For details please address the contact person of your country/region.

Key-data

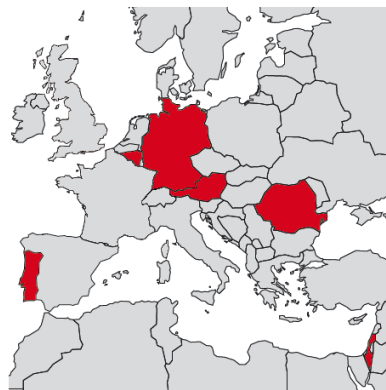

The second joint call for transnational projects of the SIINN ERA-NET will open on **June 18, 2013**.

The deadline for submitting proposals is **October 31, 2013, 12:00 CET**.

Each consortium submitting a proposal must involve a minimum of three independent partners from at least two regions/countries participating in the call. Projects must last between two and three years.

Each applicant must contact his/her national contact person to check for national/regional funding rules.

All documents are available at SIINN website : www.siinn.eu

Countries/regions participating in the call

Application Procedure

Call opening	June 18, 2013
Project Building Applicants must contact National Agency	June 2013 to October 2013
Electronic Submission of Proposal at SIINN website	Deadline: October 31, 2013, 12:00 CET
Eligibility Check	November 2013
International Evaluation	November 2013 to February 2014
SIINN Recommendation for Funding	February 2014
National Funding Decision	From March 2014
Project Start	From Fall 2014

www.siinn.eu

The SIINN ERA-NET is funded under the ERA-NET scheme of the Seventh Framework Programme of the European Commission, Research Directorate General, Grant Agreement No. 265799
